What do you think to move forward? How about Impacts of Global Pandemic COVID-19?

1. Findings are more than just confirming that the reporting entities have applied the standards well or not, it needs to be more critical;
2. Primary or Secondary Data?
3. A Rich Quantitative, Qualitative (Text-Based), or Mixed-Method Data?
4. Unique Measurements;
5. Innovative Design, Research Instruments, and Analysis;
6. Strong presence of a theory (try to avoid saturated theories, i.e., agency theory);
7. Contribute to the debate and provide inputs to the standard setters.

Riset Seperti Apa Yang Dibutuhkan oleh Dewan Standar di Indonesia? – Perspektif ETW

- Data Historis dan juga perspektif masa depan (dampak potensial)
- Mempertimbangkan beragam pandangan pemangku kepentingan
- Bagaimana (dan mengapa) pilihan pilihan akuntansi dibuat oleh manajemen puncak

Apa yang dapat dilakukan oleh para akademisi untuk membantu Dewan Standar?

- Draft Eksposure terbit lebih awal sehingga memberikan banyak waktu akademisi untuk mendiskusikan di kampus dan memberikan masukan.
- Dosen-2 Akuntansi juga banyak yang memiliki KJA dan KAP sehingga mampu memberikan perspektif dari praktisi.
- Diperlukan forum diskusi antara Dewan Standar dan Akademisi yang lebih dekat dan hangat.

How forward-looking information should be reflected in financial statements?

Recognition vs Disclosure

Users' Valuation

RESEARCH QUESTION:

Whether the accelerated recognition of relevant and unbiased forward-looking loss estimates **COULD IMPAIR** the decision-usefulness of financial statements?

PSAK 71

*The shift from the **incurred loss** to the **expected loss** provides a convenient setting to investigate the research question.*

Constant financial assets at increased default risk and increased financial assets at constant default risk would result in additional allowances.
